

Player/Parent Agreement

Kiefer Youth Sports is committed to the success of each ball player. In our commitment to each ball player, we have highlighted the importance of consistent participation. We believe the most important ability we have to a team is availability. In this agreement the parents will acknowledge and sign with understanding that accountability will be monitored. This agreement is used as a tool to facilitate structure and keep development a top priority.

Punctuality to practices, games, tournaments, fundraisers, and events is important. If player/parent are proving to have trouble with getting to before mentioned activities without 24hr notice, player/parent will be warned. If situation continues without change player/parent at discretion of coach with League approval can dismiss player/parent for rest of the current season. This dismissal will NOT result in refund. No refund will be given to player/parent for violation of this agreement.

Attendance to practices, games, tournaments, fundraisers, and events is also very important. If player/parent are proving to have trouble with getting to before mentioned activities without 24hr notice, player/parent will be warned. If situation continues without change player/parent at discretion of coach with League approval can dismiss player/parent for rest of the current season. This dismissal will NOT result in refund. No refund will be given to player/parent for violation of this agreement.

Process for reporting concerns/questions

As always Kiefer Youth Sports wants to be available for questions and made known of concerns. These concerns and questions have a chain of command. Safety issues should be addressed immediately to Head coach of players team. If the head coach requires assistance with report of concerns or questions he will contact President Ostin Broadhead, if unavailable each coach will have ability to contact other board members that can assist. If this is health and safety issue and medical assistance is needed 911 will be called. Failure to follow chain of command in reporting concerns or questions can result in warning from league. On second occurrence of chain of command violation player/parent can be dismissed from league for remainder of current season without refund. If concern is about head coach and prevents starting with him then contacting Ostin Broadhead will be considered acceptable and will be addressed in timely manner.

Kiefer Youth Sports is committed to a safe and healthy learning environment. These rules and policies are to help facilitate that commitment.

If only one Parent/Guardian signs this agreement it will be considered that any other parent/guardian/caretaker of player will also agree. Any violation of this agreement by other parent/guardian/caretaker is subject to same disciplinary action stated in this agreement.
